ry F. Parker to succeed themselves as park commissioners from April first, and now is the time, said he, for the appointment of a member of the gas and electric commission for the next three years from May first. The appointment, he said, would not be made because of any criticism of any member of the board, but he said he did not think it right in principle and believed that it would not be found right in practice that where there is a board composed of three members one of them should be superintendent. He believed it would lead to embarrassments at times. No one wants to see the department successful more than I The same committee reported on W. H. Enos petition, that walks from Nos. 225 to 251 Laurel Hill avenue have the department successful more than do, and he stated that he had given the pointment much consideration and ought and believed he is a man of tinguished reputation who will give time to the duties and will see to a forough inspection and is a man who thoroughly interested in the success of the department. He nominated Editin A. Tracy for three years and excessed the hope that he would be lected. This, he said, does not hamer the superintendent in any way, as the still in power.

WORK IS UNDERWAY FOR SHANNON'S NEW HOTEL.

Old Advertiser Building is Being Torn Down and New Fireproof Structure Will Go Up There Five Stories High

J. B. Shannon has men at work tearng out the partitions in the old Adver-iser building, and soon it will be en-irely torn down. There is now but one tenant in there, and he is to move very soon. Mr. Shannon will carry this work along at the same time with his new Shannon building No contracts have been let for either building, except that for the brick work on the Shannon building, which will be done by Caruthers & Lillibridge.

Mr. Shannon has decided to construct the new building corner of Water and

the new building corner of Water and Market streets of reinforced concrete, with fancy brick front. It will be five stories high and will be used for a bachelor hotel. It will have a frontage of 72 feat in Market street and 40 in Water street the entrance being at Water street, the entrance being at the corner, where there will be a vesti-bule and double doors. The building will average 35 feet in width and oc-cupy the entire lot. On the corner there will be three balconies, which will also be of reinforced concrete. There will be forty rooms in the hotel, the banquet room of the Auditorium building being connected therewith, and will be cut up into hotel rooms. On the ground floor the office will be to the left of the entrance, and there

be a cafe on the Market street the remainder being the lobby. There are three large windows on the Water street side. On the Market street side there are four double windows in each floor above the ground floor, and on the Water street side three double windows on each floor. The cellar is to be excavated and will average out under the sidewalks. There will be a fower on the corner, surmounted by a weather vane and containing a clock. There will be an electric elevator. It will be an attractive building and a decided credit to

that corner. FUNERALS.

CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery one year ago the new drug, posium, has successfully ured thousands of chronic cases of czema and other distressing skin afflictions. Heretofore posiam has been dispensed solely for the benefit of czema patients in large jars sufficient or a month's treatment. This was ound to be an inconvenience to many houseand, who was it for minor skin for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this and in response fo urgent appeals, the dispensers of poslam have been obliged to adopt. In addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at Lee & Osgood's, Smith's and other leading drug stores in Norwich, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th Street, New York City. In all eczema cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application. ight application Poslam is also on sale in Putnam at Larue's; in Danielson at Woodword's; and in Willimantic at Chesebro's. Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.
